Q.1 .Read the following passage answer the question that follow.

It was on such a day -a hot ,tired day that Tanki found the pool in the forest.The water had a gentle translucency and you could see the smooth round pebbles at the bottom of the pool.A small stream emerged from a cluster of rocks to feed the pool.During the monsoon,this stream would be a gushing torrent, cascading down from the hills, but during the summer ,it was barely a trickle.The rocks ,however held the water in the pool and it did not dry up like the pools in the plains.

When Ranji saw the pool he did not hesitate to get into it .He had often gone swimming alone or with friends.when he had lived with his parents in a thirsty town in the middle of the Rajputana desert. There he had known only sticky, muddy pools,where buffaloes wallowed and women washed clothes.He had never seen a pool like this- so clean and cold and inviting.
